

**IMPORTANT NOTE:**

- Samsung Asia Pacific ex NZ Metaverse Theme ETF (“Sub-Fund”) is a sub-fund of Samsung ETFs Trust. The investment objective is to achieve long term capital growth by primarily investing in Asia Pacific region (excluding New Zealand) companies which engage in activities relating to or provide products, services or technologies that enable the development and operation of the Metaverse (the “Metaverse Business”). There can be no assurance that the Sub-Fund will achieve its investment objective.
- Investment involves risk, including the fluctuation of the price of the Sub-fund and the loss of investment principal. Historical performance does not indicate future performance.
- The Sub-Fund could be subject to certain key risks such as Investment risk; Active investment management risk; Equity market risk; Novel concept risk; Risks related to companies involved in Metaverse Business (including Limited operating history risk; Changes in technology risk; Governmental intervention risk; Regulatory risk and intellectual property risk; Significant capital investment risk; Cyberattack risk; Impact from other related sectors risk, etc.); Sector concentration risk; Geographical concentration risk; PRC related risks; Stock Connect risks; QFI regime risk; BSE, ChiNext market and/or STAR Board risks (including Higher fluctuation on stock prices and liquidity risk; Over-valuation risk; Differences in regulation; Delisting risk; Risk associated with transfer of listing for stocks listed on the BSE; Concentration risk; Significant investment losses risk, etc.); Emerging markets risk; Risks associated with ADRs; Currency risk; Renminbi (“RMB”) currency and conversion risk; Securities lending transactions risk; Distributions out of or effectively out of capital risks; Trading risks; Trading differences risk; Reliance on the Manager risk; Reliance on market maker risk; Termination risk, etc. Please note that the above listed investment risks are not exhaustive. Investors should refer to the prospectus, product key facts statement and other relevant documents of the Sub-Fund for details, including the product features, risk factors and distribution policy. Investors should not base on this material alone to make investment decisions.
- The Manager may at its discretion pay distributions out of capital, or effectively out of capital, of the Sub-Fund, amounting to a return or withdrawal of part of an investor’s original investment or from any capital gains attributable to that original investment, resulting in an immediate reduction of the NAV per unit.
